MANUFACTURED BY 

POMEGRANATE 40:40 COMPLEX™

STANDARDIZED TO
40% PUNICALAGINS AND 40% ELLAGIC ACID

360 Easy-to-Swallow Capsules

Andrew Lessman's POMEGRANATE 40:40 COMPLEX provides a unique, ultra-high potency, standardized extract of **Pomegranate** fruit's most beneficial constituents. Pomegranate has long been referred to as the "sacred fruit" and has been used traditionally as a folk remedy for centuries. Pomegranate is an exceptionally rich natural source of a broad range of powerful anti-oxidant compounds referred to as polyphenols. Extensive positive research has caused Pomegranate to become an extremely popular supplement ingredient and fruit juice, but there is more to making a quality Pomegranate product than drinking a high-calorie juice or placing some dried Pomegranate fruit in a pill. Our **Pomegranate 40:40 Complex** uniquely provides an exceptional 40% standardization of Pomegranate's two key beneficial compounds: Punicalagins and Ellagic Acid. These naturally occurring components in Pomegranate establish the standards upon which the quality of a Pomegranate product can be judged. Sadly, most Pomegranate supplements or juices are either not standardized at all or standardized for only one compound. Moreover, some Pomegranate is "spiked" with non-Pomegranate Ellagic Acid making it anything but a naturally beneficial Pomegranate product. The name of our **Pomegranate 40:40 Complex** describes it well, since the "40:40" refers to the fact that our Pomegranate is uniquely standardized to contain both 40% Ellagic Acid and 40% Punicalagin assuring you of its natural and comprehensive quality. Each easy-to-swallow capsule of our **Pomegranate 40:40 Complex** ensures the highest quality standardized Pomegranate extract without any of the sugar, calories, sweeteners, preservatives or other additives typical of Pomegranate Juice.
