

SUGGESTED USE Consume one capsule daily or as recommended by a health care professional. This product is most effective as part of a healthy diet and active lifestyle, along with one of **ANDREW LESSMAN'S** multi-vitamin-mineral formulas. **For answers to questions about the use of this product, call 800.808.7311.**

ACETYL L-CARNITINE -500-

500 MG ACETYL L-CARNITINE

DIETARY SUPPLEMENT

360 Easy-to-Swallow Capsules

Andrew Lessman's ACETYL L-CARNITINE-500 is a 100% pure, ultra-high potency source of **Acetyl L-Carnitine (ALC)**, which has long been recognized for its vital roles throughout the body, particularly its essential role in healthy brain function. **Carnitine** is required for all fat metabolism and because **Acetyl L-Carnitine** can bypass the blood-brain barrier, it can most efficiently deliver its benefits directly to the brain. Although only 2% of our body's weight, the brain utilizes more than 20% of the body's energy! In other words, healthy brain function requires an enormous and uninterrupted supply of energy and **ALC** supports both optimum brain energy metabolism, as well as healthy blood flow to the brain thereby ensuring a constant supply of the oxygen and nutrients required for optimum memory, concentration and mental acuity. **ALC** also plays a central role in the creation of **Acetylcholine** (our brain's most vital neurotransmitter), as well as a protective role against oxidative damage. Aging is a challenging process for our brains and **Acetyl L-Carnitine's** unparalleled support of healthy brain function places it at the top of the list of natural tools to help reduce the impact of the normal aging process on memory, concentration and mental acuity.
