

SUGGESTED USE For energy and metabolic support, consume one or two capsules with food. As with any dietary supplement, this product is most effective as part of a healthy diet and active lifestyle, along with a daily multi-vitamin-mineral formula. **For questions about the use of this product call 800.332.7799.**

CARNISLIM 250™

ESSENTIAL FOR ALL FAT METABOLISM
STIMULANT FREE • FULL B-COMPLEX

360 Easy-to-Swallow Capsules

Andrew Lessman's CARNISLIM 250 is designed to safely support and promote fat-burning and energy metabolism. **CarniSlim 250** contains no deceptive weight-loss ingredients and instead, its comprehensive, science-based formula begins with high levels of **Carnitine** – a nutrient essential for ALL fat-burning metabolism. **Carnitine's** importance stems from its central role in transporting ALL fat to the site within each cell where it is burned. Not surprisingly, the highest levels of Carnitine are found in those body tissues required to perform the greatest amount of fat and energy metabolism. In fact, over 98% of the body's Carnitine is found in the heart and the hard-working skeletal muscles. This formula also includes Lysine and Vitamin C to further support your body's internal production of Carnitine, as well as the B-Complex vitamins because of their essential role in all fat and energy metabolism. **CarniSlim 250** is designed to safely provide the science-based, comprehensive nutritional support to help us achieve our weight-loss goals.
