

**SUGGESTED USE** Consume two or more capsules daily or as recommended by your physician. This product is most effective as part of a healthy diet and active lifestyle, along with a daily multi-vitamin-mineral formula. **For questions about the use of this product call 800.332.7799.**

# ULTIMATE CALCIUM INTENSIVE CARE™

with **VITAMINS D<sub>3</sub> & K<sub>2</sub> MK-7 120**

ULTRA-GENTLE SUPER-SOLUBLE CALCIUM  
UNSURPASSED SUPPORT FOR HEALTHY BONES

**Andrew Lessman's ULTIMATE CALCIUM INTENSIVE CARE WITH VITAMINS D<sub>3</sub> AND K<sub>2</sub> MK-7 120** is a mild, natural formula designed to address the needs of all individuals to consume the Calcium, Vitamin D<sub>3</sub> and Vitamin K<sub>2</sub> MK-7 we require. This easy-to-swallow, ultra-mild and easy-to-absorb formula is ideal for everyone, particularly those who struggle with ordinary, rock-hard Calcium tablets. Sadly, Calcium, Vitamin D and Vitamin K<sub>2</sub> are all lacking from our diet and low intakes of Vitamin D and Vitamin K<sub>2</sub> MK-7 make what little Calcium we consume even more difficult to absorb and utilize. The inadequate intake of these three essential nutrients poses a critical threat to not only our skeletal health, but also to the health of our body's most vital organs and systems, including our heart and circulatory system. Calcium, Vitamin D and Vitamin K<sub>2</sub> are critical at all stages of life, but as we get older, the role of these essential nutrients only increases, yet their availability and utilization only declines with age, making supplementation even more important. We confidently guarantee no chalky aftertaste and no stomach upset with our uniquely enjoyable and problem-free **Ultimate Calcium Intensive Care**. We all know how vital these nutrients are at all stages of life but, as we get older, the minerals we need become more difficult to absorb. Our **Ultimate Calcium Intensive Care with Vitamin D<sub>3</sub> and K<sub>2</sub> MK-7** makes these vital nutrients not only easy to absorb, but allows us to do so without any risk of stomach upset.
